Q: Need to use post method to transfer file to server I am trying to upload file to server using POST method. I have no control over the server. php version 5.5.4 Http 1.1.0 PHP 5.5.4 Fiddler 2.0.50727 Fiddler.Net Framework 2.0.50727 So I am not allowed to modify server code. Here is my client code. `HttpWebRequest req = (HttpWebRequest)WebRequest.Create(""); req.Method = "POST"; req.ContentType = "application/json"; req.Headers.Add(HttpRequestHeader.Accept, new MediaTypeWithQualityHeaderValue("application/json")); string data = "[\"path\": \"C:\\\\1.jpg\", \"description\": \"my-picture\"]"; byte[] bytes = Encoding.UTF8.GetBytes(data); req.ContentLength = bytes.Length; Stream stream = req.GetRequestStream(); stream.Write(bytes, 0, bytes.Length); stream.Close(); WebResponse resp = req.GetResponse();` But, the server is always returning status 302 and status 200. What's New in the Adobe Photoshop CC 2019 Version 20?

, and I'll begin to get a sense of the lighter side of our characters' personalities. Overall, this is a lot of fun to read. The story is well written, and I was enjoying it more than I thought I would. 3. The Lake of Numbers It's tough for me to justify reading this, but the other reviewers (you guys are amazing) have rated it quite high, and I'm pretty intrigued. So, here goes... Synopsis: "Devil's Lake is the fifth installment in the very popular Tremontaine Series. Whether the tale is considered a stand-alone or part of the series is up to you!" What I'm hoping for: The Historical Fiction readers (you!) seem pretty taken with this series, but I haven't read it yet. I'm definitely intrigued by the premise: the large ship had to sail all the way to the lake, where they found the Princess – and King Arthur is in the story – which alludes to Merlin, the legendar good wizard. Hopefully, I can dig into the fascinating history of the 20th century. I may take "spoiler" with a grain of salt, but I'm sure I'm not missing something major if I do that! I should also note that this is the first of the bunch I haven't read. Stay tuned for reviews of The Thorn King, The Highroad, The Wizard's Pool and The Serpent Crown! **** I hope you all enjoyed my trip down memory lane and feel free to join in with your own. What do you think? Where do you think the series ranks with other historical fiction? ETA: Never mind, I had a moment and put this on hold. I am over at Amazon with a list of books to add to my TBR. Wish me luck! Ever wonder what your dreams look like when you're awake? That's what reality check is, my friend. It's a fun feature on SO.to, a service that lets you know exactly what will be happening in your life for the next 30 days based on the current date and time.
