Are you willing to post this patch file here so I can use on these mods, and as a unlocker so I can switch my car and no longer have speedcross on my car and switch to autopilot its 0.6-3-crack-1.rar . I have no idea how to implement the modifications but i am willing to play around with it, meaning find the correct patch and play around with it. Do you have any videos of people having a different car and playing on autobahns? I want to be able to use this type of modification without purchasing a new LFS car. If.
